

PREMIUM BUSINESS SPONSOR

Leadership support with meaningful benefits

Land's Sake Farm is a nonprofit community farm with a mission to connect people to the land to build community and inspire lifelong stewardship.

Invest in a Better Future

Protecting the Environment

We farm sustainably using many organic farming practices that enrich the land and fight against climate change, resulting in more than 150,000 lbs of fresh, locally grown produce annually.

Hunger Relief & Healthy Food Access

We donate at least 30% of everything we grow to people facing food insecurity, including older adults, and people seeking support from food pantries, meal programs, and community refrigerators.

Engaging Outdoor Education

We provide hands-on opportunities - on the farm and in the community - for people to connect with nature, gain understanding of where food comes from, and care for local lands. Through scholarships and free programming, we ensure cost is never a barrier to learning on the farm.

Creating Community

Our farm offers a place for people to unplug and connect with each other and the land, welcoming the public to enjoy the property, and hosting thousands of people each year to come together at free and ticketed events.
